

Dynamo Simulations in a Nutshell

The 3-Day MagIC Dynamo Experience

November 4-6 2015 @ MPS Göttingen

- Introduction to dynamo theory
- Learn to derive the equations
- Learn the numerical tricks
- Download, install and run MagIC
- Produce spectacular illustrations
- Run your own simulation
- Solve real world scientific problems
- Take MagIC home

For registration and further information please contact:

Ankit Barik (barik@mps.mpg.de)

Johannes Wicht (wicht@mps.mpg.de)

Limited number of attendees - please register early!

A PlanetMag workshop!
